CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

2340 Persons Get State Welfare Aid

Paul M. Cassen, Chairman of District 10 Welfare Board of the State Department of Public Welfare reported that during the month of July, 1965 in Palm Beach County a total of 2340 persons received Old Age Assistance in the amount of \$110,108. 127 persons received Aid to the Blind totaling \$7,669. 1232 families received Aid to Families of Dependent Children in the amount of \$76,839. 573 persons received \$31,932, in Aid to the Disabled.

In addition 313 children received service during the month 256 of whom were in foster homes. The total state and local cost for direct child care was \$14,079.15.

There were 3 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placing agency, and the Welfare Board is responsible according to law to make these reports to the court.

Palm Beach County is represented on the District 10 Welfare Board by Reverend Paul M. Cassen, John F. Thomas, Jr. of West Palm Beach, Marion Blech of Pahokee, Mrs. Wilda Tufts of Lantana, and J. T. McMurray of Delray Beach.

Retail Sales On Upswing In State

Sales at retail level in Florida increased by about one-third, well above the national average increase, during a recent five-year period, the Florida State Chamber of Commerce reported in its Weekly Business Review released yesterday.

"As reported by the Census of Business for 1963, sales at Florida retail stores totaled \$7.6 billion, 30 per cent over the prior census covering the year 1958. This gain placed Florida in sixth position among the fifty states. The U. S. average increase was 22 per cent.

"Changes in sales of principal types of stores in the state indicate the directions the state's growth is taking. Obviously the effect of the tourist dollar shows up in spending patterns.

"Food stores, with sales totaling \$1.8 billion in 1963, were up 33 per cent; automotive dealers' sales totaled \$1.6 billion, up 45 per cent; and gasoline service stations came to \$605 million, up 42 per cent.

"Department store sales totaled \$576 million in 1963, up 85 per cent and limited price variety stores sold goods worth \$174 million, an increase of 48 per cent. Specialty clothing stores had sales of \$396 million, up 7 per cent.

"Restaurants and other eating places rang up \$474 million, up 29 per cent and drinking places increased 7 per cent to reach \$98 million. Package store sales came to \$194 million, up 29 per cent.

"The furniture store total came to \$358 million, up 9 per cent and the drug store total was \$286 million, up 30 per cent. The only major group showing a drop included stores selling construction materials. Sales came to \$334 million, down 19 per cent."

STANLEYS RETURN

Mrs. Eddie Stanley and daughters left Friday for their new home in Norfolk, Virginia. Mrs. Stanley and family have been the guests for several weeks of her parents, Mr. and Mrs. G. T. Echols, and Mr. Stanley's mother, Mrs. Dorothy Stanley. Lt. Commander Stanley will join his family in Norfolk later this summer after some special training which he is receiving.

Everglades News Vacation Again

It's vacation time again at The Everglades News office and we are off for a fishing trip and a little well deserved rest from our arduous duties of turning out a newspaper every week. We'll be back on the job on August 25th and once again turn out a readable newspaper with plenty of news in it.

This week you'll receive your paper as usual but the regular amount of news will be short because we are printing the paper in advance so that we can have the aforementioned vacation. We'll make up for the scarcity of news this week during the other 50 weeks of the year.

Habit Continues By City Products

City Products Corporation of the Glades Fast-Pitch Softball League mathematically eliminated Rashley's Dry Cleaners with a 4-0 shutout victory for the second consecutive year. The Icemen have a 19-2 record with four games left and Rashley's, the nearest competitor, is 16-7 with only two games remaining.

Phil Bonnell, ace righthander for the League Champions, won his 16th game with a brilliant one-hit shutout against the runnersup. Bonnell pitched a perfect game for 6 1-3 innings before Junior Rios spoiled his bid for the masterpiece with a double.

A four-run first inning stood up behind Bonnell's pitching and the lead was never threatened. Jim Tyson opened the game with a walk. Joe Davis singled him to third, Alvy Early drew a base on balls to load the bases, and Butch Butler dropped a single in right field to score Tyson and Davis. Bonnell then drove home Early and Butler with a double to complete the scoring.

PERSONAL NEWS NOTES

Mrs. Ida Butler has returned to her home after being a patient at Everglades Memorial Hospital for several weeks.

Miss Pat Gandy was able to go home after having surgery at Everglades Memorial Hospital.

Mrs. W. M. DuBose will return to her home during this weekend after visiting her husband, Mr. DuBose, in Jacksonville and visiting other relatives in Sweetwater, Alabama.

R. W. Sanders was able to return to his home Saturday after having throat surgery in a hospital in West Palm Beach.

Mrs. J. M. Elliott was called to Lakeland Sunday due to the illness of her mother, Mrs. Emma Wheeler, who is a patient in the Lakeland General Hospital.

Sam McKinstry, Jr., and son, Buzzy, accompanied Bill Jones to West End where they spent the weekend fishing.

Mr. and Mrs. Charles Maxson have returned to their home after touring the Western States.

Mr. and Mrs. E. C. Stapleton and family have returned home from a vacation in Hazlehurst, Ga., with relatives.

Mrs. Maribelle Rawls has returned after a visit with relatives in Gainesville.

Mrs. Bill Shackford and daughter, Mrs. Judy Dermody, have returned home from a visit in Virginia and New York.

Mr. and Mrs. Frank O'Connell returned from a two week vacation in Aquasco, Maryland, with Mr. and Mrs. Allen Rust and with Mr. and Mrs. Frank Spangas and family in New Smyrna Beach.

Linda and Ann Butler are expected to return home after a two-week stay in Melbourne with their sister.

Mr. and Mrs. R. B. Chastain and daughters, Debbie and Jodie, of Miami, arrived at the home of Mrs. Chastain's parents, Mr. and Mrs. J. T. Platt, Monday morning from North Carolina where they had been vacationing for two weeks. They were the guests of her parents during the past week.

Mrs. A. W. Schell, Jr., and children, Connie and Trip, arrived in Miami Sunday night from Vandenberg Air Force Base, in California, by plane. They were picked up at Miami International Airport by her parents, Mr. and Mrs. J. T. Platt. The Schells plan to spend ten days in Pahokee with her parents, then go to Baltimore to spend some time with Mr. and Mrs. A. W. Schell, Sr.

Miss Elinor Brackin was the guest of her parents, Mr. and Mrs. Lloyd Brackin, in Eagle Lake and her mother's brother and family, Mr. and Mrs. S. D. Fleming and Peggy, of Baden, Pennsylvania, who were also visiting there.

Mr. and Mrs. James Gibson and Jamie visited Mr. and Mrs. Joe Cherry in Okeechobee Sunday.

Nat Nason returned to his home in West Palm Beach Sunday after visiting his grandparents, Mr. and Mrs. Earl Maxson, during the weekend.

Mr. and Mrs. M. D. Geiger are spending several days enjoying fishing at Jensen. They plan to visit Mrs. J. E. Carter in Jacksonville several days next week.

Frankie Tillis plans to return to his home this weekend after attending Camp Ridgecrest at Ridgecrest, North Carolina, for five weeks.

Mrs. R. J. Maxson was the weekend guest of Mr. and Mrs. Bobbie Maxson and grandson, Todd, in Boca Raton.

IN HONOR FRATERNITY

Word has been received that John Lloyd Hundley, son of Mr. and Mrs. Lloyd Hundley, has been initiated into the honor fraternity, Phi Kappa Phi, at the University of Florida in Gainesville. John will receive his degree from the University next week.

Clerk Resigns In City Of Pahokee

Mrs. Patsy Mackey resigned Monday night as clerk in the City of Pahokee after being in that office 14 years, five years as an office clerk and nine years as official clerk of the city. The resignation is effective September 1. The council did not appoint nor name anyone to take Mrs. Mackey's place but this will be done before September 1 deadline. The appointment will hold good until the annual election next May.

Mr. and Mrs. Robert G. Mackey plan to move to Immokalee between the first and 15th of October where Mr. Mackey will be engaged in the farming business. They have purchased a plot of ground there and expect to grow pepper.

Higher Education Work Is Cited

GAINESVILLE — Dr. E. T. York, Jr., provost of the University of Florida Institute of Food and Agricultural Sciences, was recently cited for his leadership in higher education in Florida and for spearheading agricultural programs at the University.

York was runner-up to Alachua County State Rep. Ralph Turington, as Florida's Man-of-the-Year chosen as the person making the greatest contribution to higher education and the University during the past year.

Rep. Turington served as chairman of the appropriations subcommittee for higher education during the recent session of the Florida Legislature.

The award is made annually by the University's campus newspaper, the Florida Alligator, from a list of nominations received throughout the state.

York was cited as the architect of Operation DARE, an action program aimed at realizing the full potential of agricultural development in Florida during the next decade. Continued DARE studies are being made in a state-wide effort to plan for Florida's rapidly expanding agricultural industry.

York was also cited for establishing the first research and training center for tropical agriculture in the U. S., and for organizing the University's vast agricultural complex into the Institute of Food and Agricultural Sciences.

"He (York) has found and attracted outstanding faculty members and has educated legislative bodies as to the unfulfilled needs of agricultural departments," the newspaper quoted.

University President J. Wayne Reitz, was selected last year as Man-of-the-Year in contributions to higher education and the U of F.

Indiantown Bridge Opened Saturday

State Road Board Chairman Floyd Bowen was the chief speaker Saturday at the dedication of the "Big John Monahan Bridge" on State Road 710 in Indiantown.

The \$1 million structure spanning the St. Lucie Canal and State Road 76 in the Martin County community was named by the recent Florida Legislature in honor of Monahan, the immediate past Fourth District Road Board member from Ft. Lauderdale.

Master of ceremonies for the 11 a. m. dedication was Timmer Powers, Martin County Commissioner. Bowen was introduced by Fourth District Road Board members Chelsie Senerchia of Miami.

Bowen was joined on the platform by Monahan and his family, the Martin County Commission, State Road Department officials and the two members of the Martin County legislative delegation, Senator Irl Bronson of Kissimmee and Representative Bill Owens of Stuart. State Senators Merrill P. Barber of Vero Beach and John McCarty of Fort Pierce also were platform guests.

Construction of the 1,951-foot bridge and roadway approaches began in May of 1964. Cleary Brothers Construction Company of West Palm Beach and Dickerson, Inc. of Stuart were the contractors on the project.

Flood Control To Pump From Lake

An experiment in pumping water south from Lake Okeechobee to transfer excess quantities from the Lake to three large Everglades conservation areas was started Monday by the Central and Southern Florida Flood Control District.

Four huge pumping stations, capable of moving more than 7,000,000 gallons of water per minute, will go into action, it was announced by Ed Dall, FCD Executive Director.

"But it will not be possible to transfer anything like this quantity of water from the Lake to the Conservation Areas," Dall said, "because the pumps are designed to pull down water levels in the areas near the pumping stations before any water can be pulled from the distant Lake."

"One of the principal purposes of the experiment will be to determine what quantities of water can actually be transferred from the Lake by pumping," he said.

The Army Corps of Engineers reported Thursday that Lake Okeechobee was 6-10 of a foot above the regulation stage of 13 ft. desired at this time of year. The Corps announced that the Lake has an excess of 200,000 acre feet of water, and a further rise is anticipated as heavy rains are forecast in the next 30 days.

"In the past four years of subnormal rainfall, the FCD has been almost continuously transferring excess Lake water southward by gravity through canal systems that span the vast agricultural lands between the Lake and the Conser-

Sleepwalking Is Regular Pastime

About four million Americans are more or less regular sleepwalkers. The rest of us are somnambulists at heart—or "token" sleepwalkers, according to Dr. Joost Meerloo, the noted psychiatrist.

"This is not to say," he pointed out recently in Medical Times magazine, "that we all get up in the middle of the night and clamber over the rooftops. More or less each of us is a sleepwalker because we all go through a subtle transition between the sleeping and waking state."

Sleep offers an escape tunnel from boring or threatening situations. The snoozing student is a familiar feature of the landscape. Less well known is the fact that juvenile delinquents often plunge into a deep sleep the moment they are brought into police headquarters.

But sleep can also serve a more positive purpose—that of stimulating the mind's creative

process. People often awaken with their minds full of new plans and projects. Just the same, Dr. Meerloo warned, the slogan, "Learn while you sleep" can be misleading. "Only a certain amount of passive conditioning can take place during sleep, but no creative learning."

Next time you hear the common complaint about "slept very little last night," "tossed and turned," etc., take it with a grain of salt. Sleep research has shown that we tend to overestimate the amount of time actually spent in sleeplessness.

Dr. Meerloo pointed out that even in the normal sleep "there is continual moving about. Statistically, the average person makes 35 to 45 movements a night."

For physical as well as mental renewal, there is no substitute for adequate sleep. Your Christmas Seal association in the interests of good general health suggests sticking closely to the traditional eight hours per night for adults, ten or more for children or adolescents.

**Why should you buy
U. S. Savings Bonds when there are
so many other good investments?**

To help your country is one answer—and a good one.

But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money; either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time.

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

Keep freedom in your future with
U. S. SAVINGS BONDS

The U. S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic support.

Juniper Springs. The lovely sylvan setting of Juniper Springs has long been an attraction and the newly terraced banks offer ample space for sun-bathers. Just off State Highway 40 in Ocala National Forest, Juniper Springs offers many family recreational activities.

FLORIDA POWER & LIGHT COMPANY HELPS BUILD FLORIDA

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my H Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your H Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

The Everglades News

PAUL RARDIN, Publisher

Frances Arnold Weds Ralph Jones

The First Methodist Church in Pahokee was the setting for the marriage of Miss Mary Frances Arnold, daughter of Mr. and Mrs. Bennett Brooker of Ft. Pierce to Ralph D. Jones. He is the son of Mr. and Mrs. J. Hilton Jones of Pahokee.

The Rev. Lawrence Stewart of the Canal Point Baptist Church performed the ceremony.

The bride, given in marriage by her father, wore a floor length gown of peau de soie and Alecon face, styled with long sleeves pointed over the wrist. The well moulded bodice was of lace and featured an empire waistline and a panel of the lace extended to the hem of the full skirt. The detachable, chapel length train fell from soft pleats at the bow centered back waistline. The bride's veil of French silk illusion was topped with a crown of cut crystals and seed pearls. She carried a cascade bouquet of white stephanotis, centered with two white orchids.

Miss Sharon Holcomb, maid of honor, wore a floor length gown of blue crepe, featuring the empire waistline. Her headpiece was made of blue crepe petals, with silk illusion veil. She carried a cascade of white carnations. Miss Buttons McKinstry and Mrs. Paula Barwick, bridesmaids, wore gowns and headpieces identical to that of the maid of honor and they also carried white carnations.

Little Miss Joan Duke, who was flower girl, wore a floor length gown identical to the gowns of the other attendants. She carried a basket of rose petals. The ring-bearer was Master John Edward McKinstry.

Donald Jones was best man for his brother. The ushers were Dale and Archie Jones, also brothers of the groom.

The mother of the bride chose

for the wedding a pale green silk dress, with beige accessories. The groom's mother chose a blue silk dress with matching accessories. Both mothers had corsages of white carnations.

Immediately following the wedding, the reception was held in the social hall of the church. Mrs. Paul Rardin and Mrs. Manning Keen stood in the receiving line with the bride. Others assisting were Mrs. Edythe Smith, Mrs. Elsie Epstein, Mrs. Mae Thielens, Mrs. Jackie Bullington, Miss Nancy Rashley, Miss Bonnie Godsey, Miss Geni Barwick and Miss Joan Reynolds.

For traveling, the bride wore a champagne silk with beige accessories, and an orchid corsage. After a ten-day honeymoon in the mountains of North Carolina, the couple will make their home in Pahokee.

Out-of-town guests attending the wedding included, Mr. and Mrs. Emmett Roberts, Mrs. Sera Smith of Belle Glade; Mr. and Mrs. Kilpatrick and family, Clewiston; Mrs. Betty Gragg and sons and Peter Johnston of Stuart.

Habit Continues —

(Continued From Page 1)

Loxahatchee's Prison Farm edged City Products 7-6 to give the Icemen their second loss of the season and end a 15 game winning streak that dated back to May 30th. Phil Overfelt was the winning pitcher for the Angels, and Butch Butler absorbed the loss for the Icemen, although he gave up only three hits, but one was a grand slam home run to Chuck Williams.

Butler came back the next night and hurled a one-hit gem at Geneva's Drive-Inn as City Products bombed the last-pitch team 12-1. A nine-run second inning featuring successive doubles by George Mills, Alvy Early, and Butler was all the Icemen needed as Butler struck out seven batters during the shortened contest that went only five innings because of the 10-run rule.

Power hitting by Richard Pace, Clarence Throop, and Larry Marsh led I. A. M. out of the cellar as Perry Rigdon pitched two wins over Glades Chevrolet, and Marsh and John Pelham combined to stop Loxahatchee to end a 12 game losing streak. Pace and Throop hit grand slam homers against Loxahatchee, and Marsh belted his 10th roundtripper against Glades Chevrolet.

Turning to individual statistics, Tony Latour of Glades Chevrolet regained the lead in the batting race by not playing again this week, his average is .488. George Hamlet of Loxahatchee moved to 2nd place with .403, as Phil Bonnell of City Products climbed to third with .400. Alvy Early of City Products and Ernie Soles of Rashley's are deadlocked with .391 for fourth and fifth places. Richard Pace of I. A. M. is sixth with .379 and team mate John Pelham right behind with .377. Willie Lee of Geneva's edged Jim Tyson of City Products for eighth by .373 to .371. Terry Boyer of Loxahatchee rounds out the top ten hitters with .356.

I. A. M.'s Larry Marsh is tops in home runs with 10. Alvy Early of the League champions is second with 8. George Hamlet of Loxahatchee has seven. Marsh also leads in runs with 30 with Early again runnerup with 25. Richard Pace of I. A. M. has 24. Hamlet leads with 28 runs scored and Marsh second with 27. Boyer of Loxahatchee has 26 and Early 25. Phil Bonnell has a 16-1 pitching record with 169 strikeouts both tops in the league. Earl Vann of Rashley's has a 11-4 pitching mark and Junior Meadows of Glades Chevrolet is 9-7 for the season. Phil Overfelt is 6-4 for Loxahatchee and Jerry Snyder 5-3 for Rashley's.

	W	L	GB

Patricia Stewart Engagement Is Told

Rev. and Mrs. John Stewart of Enterprise, Alabama, are announcing the engagement and approaching marriage of their daughter, Patricia Rae, to John Waldron Meadows of Cottonwood, Alabama. The wedding will be solemnized at the Calvary Baptist Church on September 12.

Miss Stewart is a graduate of Cottonwood High School and attended Palm Beach Junior College while living here in Canal Point with her brother and family, Rev. and Mrs. Lawrence Stewart.

Mr. Meadows is also a graduate of Cottonwood High School and is now a student in the School of Veterinary Medicine at Auburn University.

The couple plan to make their home in Auburn while he completes two years of medical school.

OTTO ROSS BLEECH Lt. (jg) U. S. N. R., DIED 10 AUGUST 1945—SO, PACIFIC OCEAN In Memoriam

They are not dead, our sons who fell in glory;
They gave their lives for freedom and for truth.
We shall grow old — but never their great story,
Never their gallant youth.
In husband precincts of the soul, grant,
Their memory forever green shall grow;
In some bright secret meadow of the heart
Where never falls the snow.

TO VISIT CAROLINAS

Mr. and Mrs. A. T. Holt accompanied by Miss Teryl Echols left Saturday for three weeks' vacation to be spent in Thomasville, Georgia, Decatur, Georgia and the Smokey Mountains in western North Carolina.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. T. B. Perry, 2542 S. W. 14th St. Pahokee announce the engagement of their daughter Barbara Lee Perry to Larry Thomas Miller, son of Mr. and Mrs. T. L. Miller 166 West 2nd St. Pahokee. The wedding will be held at the Church of God at 3:30, Aug. 28.

TO VISIT IN GEORGIA

Mrs. Kansas Todd, accompanied by her granddaughter, Paula Todd, of West Palm Beach, left Saturday for several weeks vacation to be spent at Hiwassee, Georgia.

Principal and Mrs. Brooks Henderson returned to their home Sunday after several weeks' vacation spent visiting relatives in Kentucky and also attending the World's Fair in New York.

The University of Florida's J. Hillis Miller Health Center in Gainesville is housed in a \$22 million facility which includes the College of Medicine, the College of Nursing, the College of Pharmacy, the College of Health Related Professions and the University Teaching Hospital and Clinics.

A message from the Treasury of a free people

Each of the seven denominations of Series E Savings Bonds shows a different President of the United States. If you're interested in this kind of art, the seven make a nice collection.

Along with the hobby, Savings Bonds offer such extras as riskless investing, 3 1/2% more money at maturity, and financial freedom for your future.

But there are other kinds of freedom tied in with your purchase of Savings Bonds. Freedom to speak your piece, choose your job, and own your property, to name a few. Every Bond you buy helps our government further the cause of freedom everywhere in the world today.

Why not start collecting U. S. Savings Bonds now? Only \$18.75 each for the George Washington variety, at your bank or on Payroll Savings where you work.

Keep freedom in your future with

U.S. SAVINGS BONDS

STARRING

JOAN CRAWFORD AND
JOHN IRELAND

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS

Temper Tantrums Discharge Steam

Miss Mary Todd, Extension Home Economist for Palm Beach County, says most of us believe it would be desirable if families never quarreled or grew impatient or angry among themselves. Let's face reality. Families do quarrel. This is one of the facts of family life.

When we as a family group try to live up to an impossible ideal, we set our standards too high. We are sure to be dissatisfied when we fail. Miss Todd says it is much better for the family to accept the fact that anger is usual but can take the form of constructive action.

Feeling anger and showing others that you are angry are not the same thing at all.

Anger releases energy that we must use in some way. Letting out energy by constructive actions is much better than by screaming, by temper tantrums, by breaking dishes, or by throwing things on the floor. Often, anger is shown by cruel words for which a person is sorry later.

Isn't it better to frankly admit anger and release anger-energy or thoroughly doing some job? For instance, Miss Todd suggests we work off steam by mowing the lawn, taking a walk, cleaning the house, etc.

Let us recognize that we as a family are only human beings. We are not cold to the point where nothing ruffles us. We do feel fear and anger as well as love and affection. Let's admit it and be constructive about our family quarrels.

RESOLUTION OF RESPECT

In Memory of Brother Victor L. Geiger, who passed away June 26, 1965.

The Angel of Death has invaded the ranks of the Craft and summoned one of the true and faithful. His passing leaves a pang of sorrow, and a feeling of sadness. His voice will be heard no more around the Altar of Masonry, but the noble example of his unselfish and devoted life will continue to live, to guide the footsteps and direct the conduct of many men.

His achievements and sacrifices will live in the hearts of the Craft and we shall think of him as living a beautiful, ascending and expanding life, made radiant by the lights of true Fraternal love.

Resolved that Everglades Lodge No. 211 F. & A. M. of Pahokee Florida, in testimony of our loss, be draped in mourning for the proper period and that we tender the family our deepest sympathy in their affection, and that a copy of these resolutions be sent to the family.

Arnold V. Hughes

Tomatoes Source Of Good Vitamins

TALLAHASSEE — Served raw or cooked, whole, sliced, or diced, tomatoes add a touch of glamour to any meal.

Tomatoes are an excellent source of Vitamins A, C and low in calories, according to home economists with the Florida Agricultural Extension Service.

For eating enjoyment in a salad, it is sometimes better to peel tomatoes. To peel easily, pierce the tomato with a fork and hold it over an open flame until the skin bursts. Then gently pull away the skin with a knife.

Stuffed tomatoes are a summer-time favorite. Fill the scooped with one cup sour cream combined with one half an envelope of onion soup mix. Add one peeled and diced avocado and a dash of pepper sauce.

For a zesty barbecue dish, mix tomatoes and cooked corn in a buttered casserole. Sprinkle with a little salt, pepper, and buttered crumbs. Heat until piping hot.

Prepare tomatoes for frying by dipping thick slices in egg and bread crumbs. Fry until golden brown.

For a flavor treat with steak or fish, fry marinated tomatoes. For best results let the mixture stand for an hour or so, so the tomato and marinade can blend flavors.

Schools To Take 16.4 Pct. More Local Taxes

Today you can guess what your tax bill will be this fall. There is no definite way of telling right now how much it actually will cost each taxpayer in the county. No millage can be set by any taxing agency until Tax Assessor Edgar Maxwell completes his task of revaluation.

The school board adopted its budget Wednesday night and figures show that an additional 16.4 percent must be raised by local taxes. The mammoth budget of the school board came to a total of nearly \$75,000,000.00. Twenty million of this must come from Palm Beach county citizens.

The budget is nearly double last year's budget of \$37.9 million but most of the increase is for construction of new buildings approved by the voters last fall in a bond issue election.

The breakdown, of the budget is \$34.6 million for operating costs,

\$31.9 million for capital improvements, \$5.2 million for debt service fund and another \$5.2 million for Palm Beach Junior College.

What millage rate must be levied to get \$20 million locally from taxpayers cannot be set until County Tax Assessor Edgar Maxwell announces a property valuation figure for Palm Beach County.

Maxwell is conducting a general revaluation of county property to comply with a ruling by the Florida Supreme Court that all property must be valued and assessed at 100 per cent of "fair market value."

Property values in the county during past years have averaged 60 per cent of fair market value, so total valuation will increase.

County schools face 5.5 per cent pupil increase with a total of 65,000 expected enrollment this year.

Miss Todd Tells Sewing Problems

Begin your sewing venture with a fabric that will be equal to your creative talents, Miss Mary Todd, local Extension Home Economist, urges sewing beginners in Palm Beach County.

If you are a novice, choose a fabric that it not too expensive. However, buy the best quality that you can afford. Good fabric handles easier than poor quality and is better looking. You will enjoy wearing the garment more.

Medium weight fabric that is firmly woven and does not have special pressing problems handles easily. First garments should never be made of any kind of plaid or printed design that requires matching.

If the pattern choice is made first, the selection of fabric will be easier. The pattern envelope shows your garment as it should look when completed. It points out the dressmaking details and shows the garment in the type or style of fabric that will best emphasize the lines. The back of the pattern envelope gives varied fabric suggestions for the particular style and states yardage needed.

It is very important to choose a suitable fabric for a particular design. Sharply tailored lines suggest crisp, firm fabrics. Soft gathers and draped effects need soft, lightweight fabrics to be effective. Well made clothes may be disappointing because of poor or unsuitable fabric selection. An exper-

fenced salesperson can often help you choose the proper fabric.

Always bear in mind wise color choice as well as adaptability of fabric to your figure type. Search for the fabric that is best suited to your needs and question the properties of the purchased fabric in order to handle it properly. For a free copy of "Pattern Alteration" call the Extension Home Economics Agents Office, OV 3-1252, West Palm Beach.

Sunshine Park Has New Owner, Name

OLDSMAR—Sunshine Park, the horse track which has been in operation since 1926 near Tampa, will soon have a change in name as well as new owners.

The name, Florida Downs and Turf Club, will go into effect as quickly as all documents of the sale are completed in the transfer of the properties.

The purchasers are Morton L. and Dr. Leonard Annis and Byrne Litschgi, all Tampanians. Principal selling stockholder was New York attorney Frederic Ballon. Sale price was about a million and a quarter dollars.

"The idea of the name change," said Morton Annis, "is to give the impression that this will be an entirely new track. Which, in the most ways, it will be."

Over 7,000 people in need of immediate medical attention come through the emergency entrance to the Teaching Hospital of the University of Florida's J. Hillis Miller Health Center each year.

Thinking Of Building?

THEN YOU'LL WANT TO SEE US!

If your summer vacation is over and you are thinking of building a new home — you'll want to come and see Everglades Federal in Belle Glade or at our branch office in Pahokee. You will find the friendly folks in either place very helpful when it comes to making plans for a new home — and the money to build it. Drop by either place and make inquiry. You'll be glad you did.

Flood Control To—

(continued from page 1)
vation Areas," Dail explained. "But there is a limit to the amount of water that can be taken southward by gravity," he added.

"And none can flow south from the Lake in times of heavy rainfall and potential flooding as hurricane gates at the Lakeshore

must be closed, and other pumping stations at the Lake must be put into service pumping water north from the farm lands into the Lake," Dail said. "When the water is flowing north in the canals, there can not be any southward flow from the Lake."

Dail cautioned that it is expected the pumping experiment will rapidly draw down water tables in the agricultural lands which lie be-

tween Lake Okeechobee and the Everglades reservoirs managed by the FCD in Palm Beach, Broward and Dade Counties.

"It is possible there may be some adverse effects to agricultural lands as a result of the draw-down," Dail said. "The pumping stations are capable of pulling down the water level in agricultural area canals 2-1/2 feet in short order."

**Patterson Circle
In Regular Meeting**

The Ione Patterson Circle of the Canal Point Baptist Church met at the church in the regular monthly meeting Monday afternoon. Mrs. C. B. Jones, co-chairman, presided in the absence of Mrs. J. L. McCall.

Mrs. W. S. Cross presented the

program "The Offering — Maximum Response". Those taking part were Mrs. C. B. Jones, Mrs. Paul Rardin, Mrs. J. D. Latham, Mrs. Alma Nall, Mrs. Bill Baker and Mrs. Cross.

Mrs. M. F. George was hostess and served delicious refreshments to the group.
